POSTROCK ENERGY CORPORATION
Case No. 16-11230

Attachment to Monthly Operating Report
April 30, 2018

PostRock Energy Corporation filed a voluntary petition under Chapter 11 in the U.S. Bankruptcy Court for the Western District of Oklahoma on April 1, 2016. There are six (6) related cases, including this case, pending in the U.S. Bankruptcy Court in the Western District of Oklahoma: (1) PostRock Energy Corporation – Case No. 16-11230; (2) PostRock Energy Services Corporation – Case No. 16-11231; (3) PostRock Holdco, LLC – Case No. 11235; (4) PostRock Eastern Production, LLC – Case No. 11233; and (5) PostRock MidContinent Production, LLC – Case No. 16-11232; and (6) STP Newco, Inc. – Case No. 16-11236. On April 8, 2016, Stephen J. Moriarty was appointed Trustee for this and all related cases.

On May 31, 2016, the Trustee conducted an auction, which resulted in substantially all of the operating assets being sold, pending Court approval. On June 8, 2016, the Court confirmed the sales and entered the Order Granting Motion to Sell Property, Free and Clear of All Claims, Liens, Interests and Encumbrances. Operating assets and oil & gas properties were purchased, in large part, by two buyers: one that purchased the Oklahoma and Kansas assets, and one that the West Virginia assets. June 1, 2016, was the effective date of the sale for accounting and tax purposes. Although the Debtor is still researching information in order to complete its accounting for the post-closing adjustments, the identified adjustments have been recorded in the June 30, 2016 financials. Any additional amounts will be booked in the period in which they are determined/discovered.

Post-petition accounts payable are reported in Exhibit F as of April 30, 2018. Items included as post-petition accounts payable in Exhibit F are subject to adjustment, pending further review of certain invoices that may include post-closing adjustments.

Question 3: Monthly Operating Report Questionnaire

The operating insurance policies have been canceled or lapsed because of the disposition of the operating assets. The Trustee has secured a separate Trustee (Postrock Bankruptcy Estate) workers compensation policy to replace the canceled workers compensation policy.

The Company and the Trustee are in the process of determining other related parties and their relationship to the Debtors and the insiders. Once identified, the Debtors will report the same in future reports.

All Exhibits including Monthly Income Statement (“B”) and Balance Sheet (“C”)

Since the December 31, 2017 period is the close of the calendar year, the Company is awaiting certain year-end adjustments and tax adjusting entries. These year-end adjustments and accruals will affect the carryover balances for the January financial statements. The tax CPA’s are working on the final adjustments for year end 2017 and these adjustments will be booked upon completion. The adjustments are usually to depreciation, depletion (if any), taxes, certain accruals, etc. After an analysis of the accounts, trial balance and tax CPA analysis, other adjustments may need to be booked.

PostRock Energy Corporation

Case 16-11230

Once these adjustments and entries are complete, company balance sheets and profit and loss statements for February 2018 will be completed by the Company and will be included in future Monthly Operating Reports. Additionally, the Debtor is in the process of converting the future accounting and books from the oil and gas BOLO system to an accounting platform and program for production of trustee reports and claims processing.

The Trustee and the Trustee's FA are researching the accounts receivable balances in the books and sub ledgers to determine further write downs/write offs for such accounts. The Trustee has made contact with the purchasers of the oil and gas assets to determine the possible collections of these receivables. See **Exhibit E**.

The Trustee and the Trustee's FA are in the process of reconciling the computer equipment sold so that the information can be reported to the Court and provided for the preparation of fee application for the consultant sales. Additionally, the Trustee and the Trustee's FA are assessing the books and records, and fixed asset schedules for computer and electronic equipment assets, including software, remaining on the books at May 31, 2017. These assets, as listed on the books, have been grouped in various classes for accounting purposes, and it has been noted that the book balances need to be removed from books because the assets were: (1) disposed of or taken out of service prior to petition date; (2) obsolete assets abandoned; (3) property affixed as leasehold resolved in settlement and compromise with landlord Oklahoma Tower [Doc: 292 filed 11/10/2016]; (4) assets for field office infrastructure as part of sale of real estate; (5) Software Subscriptions expired; (6) software and hardware assets needing licenses which are expired or taken out of service; and (7) other. Once these lists and assets are reconciled, the lists will be reported in future Monthly Operating Reports.

Although CPAs, including the Debtors' accountants and professionals, have assisted in gathering documents and information for the Monthly Operating Report ("MOR"), they have not been engaged to perform an audit, review, or compilation of the financial statements or information contained in this report. Exhibits B and C have been prepared on a non GAAP basis based on the Debtors normal accrual method of accounting. The statements and information are preliminary – subsequent information or data may cause omissions or errors to occur, or cause material changes. Further, the CPAs are not expressing any opinions or conclusions on the data in this report and are not and have not performed attestation services with respect to the information or attachments in this report.

C. Follow instructions below to compare transactions recorded on your statement with those in your account register.

Equals (=)
Your current register balance

- Tell us your name and account number.
- Describe the error or the transfer you are unsure about, explain as clearly as you can why you believe there is an error or why you need more information.
- Tell us the dollar amount of the suspected error.

We will determine whether an error occurred within 10 business days after we hear from you and will correct any error promptly. If we need more time, however, we may take up to 45 days (90 days for point-of-sale or foreign-initiated transactions) to investigate your complaint or question. If we decide to do this, we will credit your account within 10 business days for the amount you think is in error, so you will have the money during the time it takes us to complete our investigation.

Electronic Transfer Rights Summary

***In Case of Errors or Questions About Your Electronic Transfers
Please Follow These Instructions***

If you need more information on a transfer on your statement or receipt, or if you think your statement or receipt is incorrect, you need to contact us no later than 60 days after we sent you the FIRST statement on which the problem or error appeared. Telephone us at the number listed on the front of your statement after the words "Direct Inquiries To" or write us at:

Bank of Oklahoma NA
Attn: Customer Service
P.O. Box 2300
Tulsa, OK 74192-0001

- Tell us your name and account number.
- Describe the error or the transfer you are unsure about, explain as clearly as you can why you believe there is an error or why you need more information.
- Tell us the dollar amount of the suspected error.
- We will determine whether an error occurred within 10 business days after we hear from you and will correct any error promptly. If we need more time, however, we may take up to 45 days (90 days for point-of-sale or foreign-initiated transactions) to investigate your complaint or question. If we decide to do this, we will credit your account within 10 business days for the amount you think is in error, so you will have the money during the time it takes us to complete our investigation.
